

a plurality of spindles mounted on said base surface;

each abutment surface facing at least one of said cams rotatably mounted on one of said spindles, respectively.

#### REMARKS

Reconsideration and reexamination of the application is respectfully requested. All claims have been allowed except claim 11 that was rejected under 35 U.S.C. 112.

The Examiner states that "a plurality of spindles was repeated. Claim 11 has been amended with a further limitation on the spindles as being mounted in the base.

Allowance of amended claim 11 is respectfully requested.

Respectfully,
